

Is Great Music a Mystery to You?

SOMETIMES you see a reference in a newspaper or a magazine to some composer with whom you are wholly unfamiliar. You would like to know what kind of music that composer wrote—why it is that he has become so famous. You wish that someone in the household could play for you representative works of that composer.

The Pianola Piano

IS THE "OPEN SESAME" TO ALL MUSIC.

It answers all your musical questions—it is a veritable encyclopedia of music. It follows wherever your desires and your tastes lead. Over 15,000 compositions await the enjoyment of the owner of a Pianola or Pianola Piano. No music is too simple or too great for the conquest of the Pianolist.

CAUTION: There is only one Pianola. Do not make the mistake of supposing that you can go into any music store and buy the genuine Pianola and Pianola Piano.

KERN DEFENDS GOMPERS.

John W. Kern, democratic candidate for vice president, was the principal welcoming speaker at the opening of the convention of the United Mine Workers in Indianapolis on Tuesday and was received with loud shouts when he rose to speak. His references to the conviction of Mitchell, Gompers and Morrison by the federal court were interrupted frequently by applause.

He deplored the fact that under the present system of procedure, any man, such as Mitchell, Gompers or Morrison, could be sent to jail without a trial by jury. "What crime have they committed?" he asked. "They have been committed to jail simply for standing for the right of free speech and a free press, for which hundreds of patriots have died. I believe that their commitment will prove a mighty blessing to the masses of the people of this country. In it we find a more effective appeal than any that could be made from the stump, for a modification of our laws on the writ of injunction. It is contrary to American traditions and institutions that any man's liberty should be taken from him except by a jury of his peers."

GUILTY OF IMMORALITY.

A dispatch from Wells, England, says the consistory court has found that T. H. Smyth-Piggott, the self-styled "Masthead," has been guilty of immorality.

Smyth-Piggott succeeded a fanatic named "Brother Prince" some years ago as leader of the Agapemones, whose headquarters is at Spaxton, Somersetshire. The place is called by them "The Abode of Love." Smyth-Piggott, who has been an Episcopal clergyman, a Salvation Army soldier, a sailor and a miner, has since lived in luxury, at the expense of his followers, who mostly are well-to-do people of the lower middle class. They say that "having the spirit of God we are lifted above the ordinary code of morals." They discarded marriage, and held to other peculiar views. Smyth-Piggott has about 25 female inmates of his Agapemones. One of them, Ruth Greco, had a child about three years ago. He was named Glory Piggott, and the Smyth-Piggott community regards him as divine. About this time a church they had in a suburb of London was mobbed.
